Let's get the ball rolling with a 30 minute meeting. Our aim is Enforcement Div input on the enforcement related language in the attached draft MOA with ADEQ. See page 11 where the enforcement section starts. When we meet I can provide context, time frames etc or give me a call before hand. Thanks! Sam

Hi, Sam - Yes – sorry I could not make this morning's meeting. I was already booked for that time. How time critical is this discussion? I ask, because Bill is out of the office this week and next, so if possible it would be great to hold off until the week of the 9th. If that's not possible, perhaps we could include David Wampler for background and hold the discussion sometime next week. My calendar should be up-to-date, if you want to send me an invite.

If you need a quick chat in advance of a formal meeting, I am available tomorrow, after 3 PM.

Kristine: We need to talk 404 Assumption by ADEQ re enforcement coordination. What/when would work for you to just get the ball rolling?
